

2010 GSS

The 2010 GSS is the first to fully implement the new rolling panel design. There are three samples in 2010: 1) the new cross-section which starts the 2010 panel, 2) the first reinterview of the 2008 panel, and 3) the second and final reinterview of the 2006 panel. Questions in the replicating core appear in all three panels. Other questions are in modules that appear in one or more panels. The chart below lists the various modules and shows on what GSS panel they were asked:

	2006	2008	2010
ISSP Environment			X
ISSP Social Inequality		X	
Science	X	X	X
Shared Capitalism	X		X
